## Wedding Reviews

An awesome place for your wedding! I work up here and originally started staying here about a year ago because that was where they put us up for work. Immediately we became friends. My fiancé and I had been looking around Phoenix, Sedona, and Prescott for venues. We found out that they do weddings here and fell in love with the place. Carl and Rebecca are so attentive to your needs. We got married in June 2016 here and they took all the stress off of me. I literally just had to show up with my wedding dress! The food was great and everyone raved about it. Every little detail was carefully executed and my wedding was my dream wedding. They have the best photographer, flowers, and cake people to plan and execute a dream wedding! Nothing went wrong and it was perfect! Thank you Carl and Rebecca!

Dream Manor Inn is the most amazing place to have a wedding/reception. Carl & Rebecca are absolutely the best at what they do. Both of my daughters have had their weddings at Dream Manor and we are very pleased with the results. The location is beautiful, the waterfall is gorgeous and the service is excellent. They take great pride in making sure all details are perfect and work with you to make your day perfect. We looked at several different locations for our second daughter's wedding because she wanted something different than her sister, but nothing could compare to Dream Manor for the services and the price. I would recommend Dream Manor Inn 100% for any event, not just a wedding.

My husband and I were lucky to have found this beautiful place for our wedding. The views of the property itself were so amazing! Not only was there a huge room for me to get ready but there was also a man cave where all the guys were able to get ready. This helped out a lot because my husband was able to relax in there playing pool and ping pong while I got ready. I was able to relax all weekend and not stress about anything because Carl and Rebecca took care of everything. We have four kids together so we were already stressed out trying to get them ready, so it was nice not having to worry about the decorations inside and whether or not everything was taken care of. Rebecca and Carl both made sure that we had everything we needed and continued to provide both of us support throughout the whole weekend. Our whole family was amazed at how gorgeous the property was as well as the rooms. The honeymoon suite was the perfect room for us. With an amazing tub and shower and the beds themselves were great! We appreciate all that you guys did for us to make our wedding day the most special time for us. We for sure will be going back for mini vacations in the future! I would highly recommend having a wedding here or any type of party.

My best friend was married here (Nov. 2015) It was amazing. The staff were wonderful. They provided her with names of people that they have worked with in the past. She used the cake person, the DJ and the photographer that they recommended. They all did a great job. The wedding host did a wonderful job of keeping everyone entertained. The DJ played a great selection. The cake was beautiful. The photographer was so much fun. Oh and the food was delicious. The rooms are very nice with lots of room and a great price. The breakfast was very good. Plus a great view of a beautiful Arizona sunset.
